I-405 Improvement Project Public Hearing Comment Sheet

Wednesday, July 24, 2013 – Hill Classical Middle School

Please provide your comments regarding the I-405 Improvement Project Supplemental Draft Environmental Impact Report / Environmental Impact Statement (EIR/EIS).

Comments must be received by Caltrans no later than Monday, August 12, 2013

Name (First and Last): <u>Joseph DeMello</u>	
Organization: <u>Resident</u>	
Address: <u>3707 Hackett Ave LB 90808</u>	
Phone Number: <u>949-422-4915</u>	Email address: <u>J.demello@verizon.net</u>

Comments: I am in favor of alternate 3, but with the caveat that vehicles with two people receive a sizeable discount (at least 50%), since they previously used the existing HOV lane at no charge.

(Space for comments continued on reverse)

Public Comments Given to Court Report at Public Hearing in Long Beach, California, Wednesday, July 24, 2013

OPEN HOUSE COMMENTS FROM THE PUBLIC

MR. DEMELLO: My name is Joseph Demello, D-E-M-E-L-L-O. I commute from Long Beach to Irvine, four to five days a week; I have been doing it for 13 years. I have carpooled at least half of that, going out of my way, finding it through the Rideshare website, et cetera. I am very excited to see that improvements are planned. I am in favor of the Alternative 3, which is a toll lane, but only with the caveat that discounts be given to vehicles with two people, at least 50 percent, since we were previously using it direct charge. I feel it's unfair to not give vehicles with two passengers, driver and a passenger, a sizeable discount.

THE REPORTER: Your address?

MR. DEMELLO: Long Beach

PASSED, APPROVED AND ADOPTED this 22nd day of July, 2013.
BOARD OF DIRECTORS
ROSSMOOR COMMUNITY SERVICES DISTRICT
By: Michael Maynard, President

Recipient:

Letter:

Greetings,

I support the following resolution made by the Board of Directors of the Rossmoor Community Services District to remove all Toll Road options from the I-405 Improvement Project.

RESOLUTION NO. 13-07-22-01

A RESOLUTION OF THE BOARD OF DIRECTORS OF THE ROSSMOOR COMMUNITY SERVICES DISTRICT OPPOSING THE SCREENING OF CONCEPT A AND B HOT LANES AS OPTIONS TO THE PREVIOUSLY SELECTED PREFERRED ALTERNATIVE 1 TO THE I-405 IMPROVEMENT PROJECT

WHEREAS, the Rossmoor Community Services District (District) has previously taken an official position in favor of Alternative 1 and opposition to Alternatives 2 and 3.

WHEREAS, the District has had reliance on the vote of the Orange County Transportation Authority (OCTA) in selecting Alternative 1 which excluded High Occupancy Toll (HOT) lanes as the preferred Alternative in October of 2012.

WHEREAS, the District has been informed that a newly constituted Board of Directors of the OCTA voted in April 2013 to reconsider HOT lanes.

WHEREAS, the OCTA Board of Directors and the California Department of Transportation (Caltrans) has issued a Supplemental EIR/EIS which screens Concepts A and B and reintroduce the potential for HOT lanes.

WHEREAS, the District considers any variation to the I-405 Improvement Project other than Alternative 1 as detrimental to the well being of the Rossmoor community due to the impacts of traffic, noise, light, and air pollution.

NOW THEREFORE, BE IT RESOLVED, that the Board of Directors of the Rossmoor Community Services District strongly opposes any deviation from the previously selected Alternative 1 which excludes HOT lanes.

Comments

Name	Location	Date	Comment
Nia Hartman	Rossmoor, CA	2013-07-23	I am opposed to all toll roads. 1. They hurt tourism with confusion and tickets. 2. Tolls are used to pay for roads in lieu of tax dollars but after the roads are paid off the tolls never leave. 3. Toll lanes have limited access so local drivers can't get on or off near their routes. 4. Toll lanes require more infrastructure, maintenance, signage, and real estate. 5. Toll lanes cause congestion where drivers have to switch lanes to enter or avoid the lane.
Prabha Chand	Arroyo Grande, CA	2013-07-24	My fiance grew up in Rossmoor and has very fond memories. Everything doesn't need to change.
Jody Kay	Rossmoor, CA	2013-07-24	Because I live here! Stop milking my cow!
Helene Halperin	Los Alamitos, CA	2013-07-24	This is not an option that should be considered. General use lanes are better for all travelers, no matter what time of the day or night they may be on the road.
Patricia Buehnerkemper	Los Alamitos, CA	2013-07-24	Too much confusion already
Susan Haggard	Los Alamitos, CA	2013-07-24	Why is this important to you? {
Richard Butterfield	Rossmoor, CA	2013-07-24	Traffic congestion, Air Pollution, Noise Pollution, No body I have talked to wants this. Totally unbelievable!!!!!!
Diana Ambrehteshami	Rossmoor, CA	2013-07-24	We pay enough in taxes that are supposed to go to roads, we should not pay for the freeway twice through taxes and a toll.
Philip Saenz	Seal Beach, CA	2013-07-24	Public facilities must not be up for sale.
John Cranmer	Rossmoor, CA	2013-07-24	Our roads are paid for by taxpayers, and we should not have to pay additional to use them.
Steve Steponovich	Rossmoor, CA	2013-07-24	1. Tolls are used to pay for roads in lieu of tax dollars but after the roads are paid off the tolls never leave. 2. Toll lanes have limited access so local drivers can't get on or off near their routes. 3. Toll lanes require more infrastructure, maintenance, signage, and real estate. 4. Toll lanes cause congestion where drivers have to switch lanes to enter or avoid the lane.
Gregory and Sherry Lund	Los Alamitos, CA	2013-07-24	Toll lanes were originally excluded.

Name	Location	Date	Comment
Angela Epstein	Rossmoor, CA	2013-07-24	When is this ever going to be enough? We, as taxpayers, have already paid for the freeway, now they want us to pay to use it??? Really? And who controls the fees to use it? If this passes, it will go up and up and up. This is NOT private land!!! It belongs to the TAXPAYERS!
Charles Cavender	Miramar, FL	2013-07-24	Punishing people who need to get to work is nonsense.
Mary Holzgang	Los Alamitos, CA	2013-07-24	It would add more confusion to an already congested area between two counties
Paul Crockett	Miami, FL	2013-07-24	Quality of life.
Karen Paul	Rossmoor, CA	2013-07-24	Toll lanes will not get the same amount of users as general use lanes, (many will not be able to afford the toll lanes) therefore keeping congestion in the existing lanes or funneling traffic onto the surrounding streets around residences. This option should NOT be in this proposal...it's already been rejected!
Heldi Dicus	Rossmoor, CA	2013-07-24	I believe all freeways should be public access without tolls.
Arthur Julian	Los Alamitos, CA	2013-07-24	I am opposed to all toll roads.
Stan Olin	Los Alamitos, CA	2013-07-24	The need to limit congestion and the opportunities for accidents
Maureen Reid	Los Alamitos, CA	2013-07-24	We pay much in property taxes and should be able to use the roads.
Gary Stewart	Rossmoor, CA	2013-07-24	I do not want a toll lane on a publicly funded freeway. That is one reason why we pay so much in taxes in this state.
Marion Davis	Los Alamitos, CA	2013-07-24	Roads should be free.
orrin hagen	rossmoor, CA	2013-07-24	because it was soundly rejected
Henrieta Carter	Los Alamitos, CA	2013-07-24	I am concerned that toll roads would disrupt the flow of traffic in this stretch which is extremely busy during rush hour.
Lorne Farnum	Rossmoor, CA	2013-07-24	I live next to the 405 & the traffic is bad enough that it shouldn't be made worse by putting toll lanes or roads as part of it. Any improvement should be for ALL Californians; not just for the few who can afford it.
Diana Field	Rossmoor, CA	2013-07-24	It would add confusion to an already very congested area between Orange and LA county. We should not have to pay for the freeways twice; taxes and toll. This potential land grab would jeopardize many peoples homes and businesses. Just not a good idea.... and what part of NO do these people not understand
Michael Gutterieg	Los Alamitos, CA	2013-07-24	Option 1 is my choice because I do not want a toll road.
April Owen	Tobyhanna, PA	2013-07-24	I want option 1 because I do not want a toll road.

PC-LB3 Continued

Name	Location	Date	Comment
WILLIAM STARMANN	LOS ALAMITOS, CA	2013-07-24	My taxes paid for the road and improvements. I should not have to pay again every time I use the road if you make it a toll road. If you want a toll road pay for it yourself and pocket the tolls.
Christine Teng	Rossmoor, CA	2013-07-24	We pay enough taxes for roads already. Especially for a highly used hwy such as the 405 it's not wise to create toll lanes. Toll lanes will also cause major confusion and create traffic congestion (to and/or to avoid the toll lanes themselves).
Mary Lotis	Los Alamitos, CA	2013-07-24	I can't afford to pay tolls.
Ian Moody	Rossmoor, CA	2013-07-24	Is the objective to assist traffic congestion, or assist government constipation?
Larry Fulton	Los Alamitos, CA	2013-07-24	Stop the bureaucracy. Keep our roads and HWYS easy to use. We are already paying gas taxes, etc., etc.
Candy Marshall	Rossmoor, CA	2013-07-24	Where is the integrity in voting? No Toll lanes!
Eric Hartman	Los Alamitos, CA	2013-07-24	We already paid for this in Measure M. Now they want to have us pay to use it too? This is a scheme put on by the new CCTA board so they can get more money for other pet projects. I want what I paid for.
David and Sharon Thomas	Rossmoor, CA	2013-07-24	After what we have been put through this last year we don't want any toll lanes!
Cheryl Williamsen	Los Alamitos, CA	2013-07-24	The 405 is in my "backyard".
Katherine Livieratos	Rossmoor, CA	2013-07-24	We should not have to pay any toll roads we pay enough in taxes which are suppose to go to roads. Is this becoming another New York???
richard brandt	los alamitos, CA	2013-07-24	Quality of Life!
Nancy Hovey	Los Alamitos, CA	2013-07-24	Unacceptable. We have previously voted no on this measure of a toll road. This board needs to listen to the people they represent
suzan barezani	Los Alamitos, CA	2013-07-24	Don't Don't want to be charged to drive on freeway near my home
Julie Bush	Rossmoor, CA	2013-07-24	These options are too expensive and do not add to the quality of life and they do not improve traffic over time. Cal Trans does not design thoughtfully as if the members know the area.
Ellen Spiller	Rossmoor, CA	2013-07-24	Toll roads, particularly those using FasTrak are losing money every day. It really annoys me to have to buy a FasTrak and then be charged if I don't use it. I don't mind paying tolls, just being forced to purchase the transponder.
Byron Whitten	Westminster, CA	2013-07-24	I travel these roads every day and the addition of toll roads would disrupt traffic even more than it already has been for the last 2 years.
Randall Goddard	Rossmoor, CA	2013-07-24	California has the highest taxes in the nation and the highest gas taxes which go towards highway maintenance and improvement. No more taxes! Tolls are taxes!
Kim Tolen	Los Alamitos, CA	2013-07-24	we need freeway lanes that all motorists can use daily to reduce traffic on our roads

PC-LB3 Continued

Name	Location	Date	Comment
John Tolen	Los Alamitos, CA	2013-07-24	we need freeway lanes that all motorists can use daily to reduce traffic on our roads(Optional)
Gary Brown	Rossmoor, CA	2013-07-24	Add lanes not tolls
Heather Sickles	Seal Beach, CA	2013-07-24	No toll road!!
Terry Pollock	Los Alamitos, CA	2013-07-24	I oppose the HOT lanes action for several reasons important to me, the most important is all North bound 405 will come to a screeching halt at the LA County line which will then have fewer lanes. The result will be a traffic jam of idling autos dumping their exhaust on Rossmoor. More air pollution!! Thanks for the opportunity to comment. Terry Pollock, Rossmoor
Danny Rivett	Rossmoor, CA	2013-07-24	This is just another ploy for the state of California to fatten the coffers on the backs of the people. They need to live within their means. Also I understand that the HOT will end at the LA county line, which will create a bottleneck adjacent to our community.
Joseph Benjamin Jenkins	Rossmoor, CA	2013-07-24	We expressed our opinion once that there is to me no tolls on I-405. What part of NO don't the politicians understand?
Joel Block	Los Alamitos, CA	2013-07-24	I oppose any toll road lanes added to the I-405 Freeway. Toll roads in California and especially in Orange County have been poor investments for the community, the taxpayers and the environment. Even the 2 new general use lane addition to the I-405 will cause massive traffic jams as NB lanes from Orange County narrow to existing lanes in Los Angeles County where the I-405, I-605 and CA-22 freeways converge. This entire freeway widening project was ill-conceived from the beginning.
Julie Ramsey	Rossmoor, CA	2013-07-24	I live in Rossmoor and do not want the increased noise a toll road would cause.
Nina Bao	Los Alamitos, CA	2013-07-24	Freeway should be free
Tom Barnes	Los Alamitos, CA	2013-07-24	We already pay enough taxes, we should not have to pay tolls on a road that already exists!
Joan Griffiths	Los Alamitos, CA	2013-07-24	Tax payer money is already being used to widen the 405. Why should we pay more to use it? The best way to reduce congestion is to have toll free lanes accessible to all vehicles. Collecting tolls costs more money.
Michael Botnick	Tujunga, CA	2013-07-24	It is elitist bullshit... other than that no problem. We all pay taxes that go to improvement of infrastructure. Don't charge me for the privilege of using the road I already paid for.
Dewey Carlson	Los Alamitos, CA	2013-07-24	Paid 73 Toll for 5 years. That's enough \$ for Pete Wilson, our Navy governor.
David Chaffle	Long Beach, CA	2013-07-24	I grew up in New England and despised the toll roads. Californians do not want toll roads. Tolls roads are only used by the affluent and therefore such roads are discriminatory.

Name	Location	Date	Comment
Johnny Newnes	Huntington Beach, CA	2013-07-24	I work and socialize in the Seal Beach/Rossmoor area and the inconveniences I have already experienced from the construction up in this direction are beyond unbelievable. I can NOT imagine what chaos awaits this area with more construction.
James Tarchione	Rossmoor, CA	2013-07-24	NOISE!! and pollution
Claudia Dunn	Los Alamitos, CA	2013-07-24	I live very close to the freeway this will increase traffic congestion in an already dangerous on ramp/off ramp configuration.
Dorcy and Richard Krumhauer	Los Alamitos, CA	2013-07-24	We are strongly opposed to the toll road and want 2 general use lanes as was already decided.
Robert Esposito	Los Alamitos, CA	2013-07-24	We have high value real estate. The quality of life is a factor in maintaining those values and attracting professionals and their families to our community...do the math!
Connie Kuhn	Los Alamitos, CA	2013-07-24	the bottle neck over the past three years has been bad enough. We do not want toll lanes. It was made very clear in the past and our sentiment has not changed.
Mary Cunningham	Los Alamitos, CA	2013-07-24	We pay taxes for this and that would be double dipping
Michael Levin	Rossmoor, CA	2013-07-24	This has already been discussed and addressed. The community spoke clearly in our opposition to the toll roads. We still feel the same way. Please honor the decision as it was made by the previous board.
Dayna Boe	Long Beach, CA	2013-07-24	This is not what we need and there has been so much construction for so long we don't need any more time added to work on the area. And it would slow down the massive amount of traffic that is in orange county/LA area.
Robert Crumby	Rossmoor, CA	2013-07-24	This is just another way to tax me and the other users of our roads. Don't approve this motion!
harvey chou	rossmoor, CA	2013-07-24	Why should we have to pay when we've suffered all this time with this traffic nightmare from the construction?
Janet Newnes	Huntington Beach, CA	2013-07-24	It is having a negative effect on the residents, businesses and traffic in this area. It is impossible to get around. Enough already!
Donna Wertz	Los Alamitos, CA	2013-07-24	We have already paid for the improvement in our taxes. We shouldn't have to pay to use the freeway.
Kay Shelton	Rossmoor, CA	2013-07-24	This is important for the health of my husband and me, also this will also reduce the price of the housing in this area.
Katy Chittick	Rossmoor, CA	2013-07-24	We already pay taxes for roads!!
Kay Butterfield	Rossmoor, CA	2013-07-24	I oppose any changes to the project. It was voted on already
Mark Butterfield	Rossmoor, CA	2013-07-24	to much congestion now.

PC-LB3 Continued

Name	Location	Date	Comment
Denise Fiore	Rossmoor, CA	2013-07-24	We live at the junction and often jump from the 22/405 & 605 for daily activities. This is all within a 5 mile range from our home. We've put up with all this construction crap and shouldn't have to be penalized more. Rossmoor, Leisure World are somewhat retirement communities. This isn't fair to us
Stephanie Doucette	Los Alamitos, CA	2013-07-24	Because I live in Rossmoor and the Freeway is too close to our home already, the noise and mostly the emissions are what concern me because I believe they are so unhealthy
Ed Beckwith	Rossmoor, CA	2013-07-24	Quality of life
Harriet Ottaviano	Seal Beach, CA	2013-07-24	The whole project is a waste as northbound traffic will stop dead at the LACounty line. Don't make a bad situation worse with the addition of toll lanes. More importantly don't go back on your word.
Terry Millsaps	Rossmoor, CA	2013-07-24	I feel we should not have pay twice for using the highways, it is already funded and they want to make money on top of what was agreed upon. Also, this may increase traffic on the freeways as there are many drivers that will not want to pay a toll, since they already paid for the freeways through their taxes, therefore, driving in the regular lanes, causing increased traffic.
Octavio Mulry	Rossmoor, CA	2013-07-24	Pollution, noise, crime
William Fendley	Los Alamitos, CA	2013-07-24	Additional noise--Air pollution--Years of construction -/Will not help traffic problems
Deborah Miller	Rossmoor, CA	2013-07-24	Against private enterprise making money on roads that we already are paying for through our taxes. Not right!
Jerry Levy	rossmoor, CA	2013-07-25	I believe HOV work, but HOToll Roads do not. I am opposed to buying a transponder and PRE-LOADING it with money that goes whether I am a frequent user or as would be my case, a rare user of the tollroad option.
Theresa Miller	Seal Beach, CA	2013-07-25	no to toll lanes

I-405 Improvement Project Public Hearing Comment Sheet

Wednesday, July 24, 2013 – Hill Classical Middle School

Please provide your comments regarding the I-405 Improvement Project Supplemental Draft Environmental Impact Report / Environmental Impact Statement (EIR/EIS).

Comments must be received by Caltrans no later than Monday, August 12, 2013

Name (First and Last): <u>Raunlin Roseman</u>	
Organization: <u>Cal Poly San Luis Obispo Civil Engineering Student / LBC Resident</u>	
Address: <u>305 Park Ave</u>	
Phone Number: <u>(562) 824-2671</u>	Email address: <u>vroseman2@gmail.com</u>

Comments: Civil engineering
As a student, it is highly disturbing to not see a single
Alternative involving public/mass transit. Continuing to expand
the freeway's footprint is only going to work for so long. The
only way to build a sustainable community and county is to
seriously consider integrating either bus rapid transit or a train
network. The majority of your constituents are craving public
transportation. Listen to them.

Public Comments Given to Court Report at Public Hearing in
Long Beach, California, Wednesday, July 24, 2013

OPEN HOUSE COMMENTS FROM THE PUBLIC

MR. SITHE: My name is Kent Sithe. I spoke here, too. My issue is the Seal Beach -- I'm sorry -- the 7th Street 22 Studebaker Eastbound Interchange. That interchange comes up as a significant impact on almost all the alternatives, almost as much or more than a lot of the other intersections that are for mitigation if they didn't pick it for mitigation. An interchange or an intersection is more than just car trips. It's the physical attributes and the infrastructure of the site, and that has not been improved upon for 40 years. It's been held together with slurry projects, and other minimal upkeep just to keep it going. It's falling apart, the infrastructure, the crumbling and I don't think it's going to be able to withstand increased traffic and stress that the 405 widening project and the West County Connectors is going to subject it to. It's also -- it's also not safe there. Compared to other intersections around, there are basically no -- basically no shoulders. I mentioned that in my comments tonight. They have been using the infeed there as a construction staging area for every project that has come down including the WCC. Maybe they are going to use it for the 405 for the construction equipment that they store and move in and out of there and the trucks further tearing up the roadway. It's terrible. There is no drainage, no cement like any other intersection interchange around there. There is no lighting. It's very dark at night. It's -- he mentioned that the 405 was designed for another time. That interchange was designed for a time before that. This would be a great opportunity to be looked upon as an opportunity to try to get it improved related to this project. It's possible, because as I mentioned, we had a smaller incremental project on the westbound interchange that's on the other side of the freeway, and that really was incremental and not very expensive and it has

PC-LB5 Continued

made a lot of difference. The two interchanges are different. But, you know, when it rains there it floods more than the average interchange, it is dusty, and it's not safe. And I would be happy to take anybody around there who would like to go see it with me and see what they think.

It's amazing to me that the Parsons subcontractor employees who went there to view the intersection did not open their eyes and take a look at the physical infrastructure but, obviously, just looked at the car trips, and the Volume 2 capacity and all the technical

things. And like I said in my comments, and interchange is more than that, and that's really what they should look at and that's what I think CEQA requires.

And the last thing I'm going to say, they are not bound to utilize the thresholds that they use to study because in their own document -- if I might, this is the last thing -- in their own document in the Supplemental Long Beach Area Traffic Study EIR or DEIR, they even mention -- it's not the last page, it's second to the last page -- I don't know what page to call this; 7.0.

They mention that Cal Trans does not use threshold criteria for determination of significance of impacts and so discussion of the threshold criteria was removed from the document at the request from Cal Trans environmental staff, so they don't really even need to use these thresholds to justify what they are going to do. And, if anything, common sense dictates improvements to that interchange I think even more so than the other interchange. (End of proceedings.)

RESPONSE TO PUBLIC COMMENTS (PC)-LB

Response to Comment Letter PC-LB1

Comment PC-LB1-1

Caltrans and OCTA thank you for participating in the environmental process for the I-405 Improvement Project. Your comments on new information and analysis presented within the Supplemental Draft EIR/EIS were considered during identification of the Preferred Alternative as described in the Final EIR/EIS. You will be notified at the address provided in your comment when the Final EIR/EIS is available for review.

At this time, the Toll Operation Policy for Alternative 3 is undecided, and it is unknown what the occupancy requirement or what discount those users meeting the occupancy requirements would receive.

Please see Common Response – Preferred Alternative Identification.

Response to Comment Letter PC-LB2

Comment PC-LB2-1

Caltrans and OCTA thank you for participating in the environmental process for the I-405 Improvement Project. Your comments on new information and analysis presented within the Supplemental Draft EIR/EIS were considered during identification of the Preferred Alternative as described in the Final EIR/EIS. You will be notified at the address provided in your comment when the Final EIR/EIS is available for review.
